

# Soaps

The Pure Samos Soaps are handcrafted, bursting with freshness, ultra moisturizing and scented with pure, essential oils. They feature our first quality extra virgin olive oil and local ingredients like wild organic herbs, botanicals, honey and goat milk.

Good things are worth waiting for and we give each bar the opportunity to cure for at least 4 weeks, through ancient Cold Process. The end result translates the natural wildness and beauty of Samos .

## Ola Aloe! / All Aloe!

Pure Samos Ola Aloe! moisturizing Soap is a healing, soothing, regenerating and therapeutic soap with fresh Aloe Vera gel, scented pelargonium leaves and an aroma of rose.

## Kalimera! / Good morning!

Pure Samos Kalimera Soap is a skin balancing, moisturizing and exfoliating soap with Samos honey, goat's milk, oats and a scent of vanilla.

## Oopa! / Energize!

Pure Samos Oopa! Energy Soap is an invigorating, mood lifting and vitalizing soap with spearmint, wild peppermint and a scent of lemon and bergamot.

## Halara! / Relax!

Pure Samos Halara relaxation Soap is a skin calming, purifying and soothing soap with chamomile, calendula petals and a scent of lavender and bergamot.

## Soap Specialties

With a selection of the fine moisturizing soaps of the Pure Samos range we make unique specialties like Soap Souvlaki, Dangling Soaps, Soap Mobiles and whatever else inspires us. We can even customize our soaps for special occasions.

# Skin Care

We produce Extra Virgin Olive Oil of the highest standard. It tastes great, but it is also one of the most sought after natural oils for skin care. So we created a line of all natural Skin Care products with olive oil, essential oils, natural beeswax and organic herbal and plant ingredients. Our creams are moisturizing, balancing and suitable for all types of skin.

## Pure Samos "Aloe" Skin Cream

Pure Samos Skin Cream combines the benefits of two herbal Skin Care magicians; EV Olive Oil and Aloe Vera gel! It's a healing, moisturizing and regenerating cream with an aroma of rose.

## Halara "Relax" Skin Cream

If you and your skin need calming down, you surely will benefit from Pure Samos Halara "Relax" Cream. It helps you unwind and opens up your mind. A soothing cream with a scent of lavender.

## Oopa! "Energize" Skin Cream

Sometimes we need a boost and Pure Samos Oopa! Energy cream with a scent of Jasmine can give you just that! It picks your skin up and return it to an invigorated and vitalized state.

# Oil & Olives

We literally worship our olive trees. With great care, energy and precision we manage to produce organic table olives and olive oil of a superior, outstanding quality from the Kalamon and Koroneiki Olives varieties we grow. Always first press, cold extracted and extra virgin! Our golden-yellow Kalamon oil is rich, nutty and mild in flavour. The golden-green Koroneiki oil has a robust and fruity flavour, with a peppery zing in the back of the throat.

## Extra Virgin Olive Oil

First pressing with free fatty acids 0,4% - 0,8%.

## Extrissimo Virgin Olive Oil

First pressing with free fatty acids <0,3%.

# Sweets

With all the superb and lovely ingredients that amazingly fertile Samos is giving us, we have cooked up some pretty original and delicious Sweets! All entirely hand-made with fresh, organic fruits & botanicals. No preservatives added!

## Jellies

In our beautiful coloured, transparent and firm jellies we capture all the flavour of a fruit. Usually with traditional fruits like Quince, Apple, Orange and Lemon, but we also use exotics like Cactus fruit, Muscat Grapes or Pomegranate.

## Mousses

When we prepare our mousses we keep on tasting. Our excuse is flavour control, but in reality we are just addicted. Try our smooth, soft and rich Quince or Apple mousse and you know why!

## Marmalades

Citrus trees thrive on the plains of Samos and the fruits are of the highest quality. With some Pure Samos magic we turn them in to delicately tasty sweet and sour Marmalades!

## Olives

The deep purple Kalamon is a large, almond-shaped olive, which is considered one of the finest varieties of table olives in the world! We cure them in brine, sometimes add herbs and soak them in EV olive oil.

# Specialties

We still get amazed by the versatility of our olives and keep on searching for way's to prepare them. The same goes for the vegetables we are growing in the soil of Samos. When we create something we really like, it deserves a place in our 'Specialties' section.

The Kalamon olive gives a beautiful, deep purple colour to our **Olive Paste**. You can almost taste the creaminess and richness inside just by looking at it!

**The Sweet Paprika Spread** however, inspires with its gorgeous colour and sublime flavour! A fantastic spread with many uses!

Our **Olive Jam** is like the caviar of jams. Very rare, very special and unbelievable delicate in taste! It goes great with savoury dishes, salads, cheeses and meat.
